**APPLICANTS' STATEMENT OF THE SUBSTANCE OF EXAMINER INTERVIEW**

Dear Sir:

This is in response to the Interview Summary mailed February 6, 2008, the one-month response date for which is March 6, 2008.

Applicants thank the Examiner for the courtesy extended during the telephone interview of January 31, 2008, between Examiner Gregory S. Emch and Richard Ward (Reg. No. 52,343).

The following is a statement of the substance of the interview of the telephone interview of January 31, 2008.

During the course of the telephone interview, the Examiner informed Applicants' representative that the IDS paper filed on December 14, 2007 contained no references, but that some non-patent literature references were present on the record. As a courtesy to Applicants, the Examiner agreed to include these references (the article by Bogoch *et al.*, in *Lancet*, Vol. 337, 1991, and the reference by Bogoch *et al.*, in *Cancer Detection and Prevention*, Vol. 17, 1993) on a PTO-892 form in order to advance the present application to allowance. Applicants' representative asked the Examiner to include an additional reference to U.S. Patent No. 4, 840,915 that was also supposed to be listed on the IDS paper, to which the Examiner agreed.
